Re: Initial Meeting Certain Diversion Control Net Personnel

1. I received a telephone call from Beresford at 1330 today. He requested that I plan to attend an informal meeting in his office on Thursday, coming in my capacity as CIA Diversion Control Officer. Others to attend are expected to be Knoll and Beresford (MDAC), Tillson (MDAC), and Coster (EDS-State).

2. Beresford said he was not contacting Commerce on this first meeting as he wanted to get the CIA-State-MDAC arrangements worked out first.

Re: Vienna CEI Materials, Receipt of in Washington

25X1A9a

1. Beresford told me on the phone today that he had received the first batch of materials from Vienna; further, that he was attempting to contact [REDACTED] to so notify him, and to inquire re progress in CIA on arranging for handling such materials.

2. Beresford stated that the materials were all in foreign languages, principally German. He will be happy to turn the materials over to us as soon as we are ready to receive them.
